

## Summer 2017 Class Cards

### Why Class Cards?

With more variable family schedules over the summer, we want as many dancers as possible to be able to continue their dancing and perhaps step up the intensity. With class cards, you will be able to pick and choose exactly how many or how few classes you/your child wish to do and pay only for those classes.

### How Does It Work?

Class cards are dancer-specific; family members may not share cards. They are available in class durations corresponding to our various summer class offerings – 30 min, 45 min, 60 min and 75 min. After looking over the class schedule, you will be able to determine how many classes of each duration you will need to purchase for each dancer. Every time you/your dancer attend(s) class, he/she will be checked in and the class will be deducted from the paid classes on the card. Once your card runs out of paid classes, you have the option to purchase more classes. You are NOT required to have a physical print out of your class card – everything will be handled electronically.

Please note – class cards expire at the end of summer session; class cards may not be applied to the school year session classes, private/semi-private classes, camps, or merchandise.

### Instructions:

1. Determine your dancer's summer class schedule. From that, you will be able to count the number of classes of each duration you/your child will need to purchase. (e.g. Dancer will be attending 3 classes that are 60 minutes each and 6 classes that are 45 minutes each – you will need a 60-minute class card with 3 punches and a 45-minute class card with 6 punches.)
2. Log into your family's Dance Studio Pro account. Click on the "Dance Cards Icon". At the top of the page, you will see a drop down for each dancer in your family. For the first dancer, select the cards you need by using the drop-down menu next to each class card (i.e. "45 min class – 4 punches" and "60 min class – 3 punches"). Then hit "Update Order Total". Once you do that, you will be prompted to enter your credit card information to finalize the purchase.
3. You will need to repeat the above process for each student in your family. Be sure you've selected the correct dancer from the drop-down menu before you purchase.
4. If you prefer not to pay by credit card, please email Christine directly with the number of class cards you need for each dancer and she will respond confirming your purchase and giving instructions for payment. Checks will need to be mailed directly to Christine in Georgia.
